Dear Sir or Madam:

The Riverside Rattlers Women's Rugby Club is an organization of local women athletes who compete in rugby matches and tournaments in southern California, as well as Arizona and Nevada. Founded in 2003, our club has been recently accepted as a member in good standing of the Southern California Rugby Football Union (SCRFU) and has begun their first full season of SCRFU competitive women's matches.

We are the *only* women's rugby club representing the Inland Empire and are dedicated to achieving excellence in this sport. Our coaches are accredited by the USA Rugby Football Association and volunteer their time to help us achieve this goal.

Women's rugby is full contact and apart from gender is identical to men's rugby. Select women's teams exist at the regional, state and national level and every four years a women's international Rugby World Cup is held, featuring the finest women athletes from around the globe.

We are approaching your organization seeking sponsorship to help us make this first official season a successful one. While rugby is relatively inexpensive compared to football, hockey, and softball; sponsorship is necessary to provide for the team jerseys, balls, practice equipment, travel expenses and other items listed on the following page. It is our hope that you would partner with us in our commitment to rugby excellence.

You may contact us by the telephone number or e-mail address listed above, and please visit our web site. We sincerely appreciate your time and consideration.

Sincerely,

Riverside Rattler's Wish List

- First aid kit x 01 @ \$ 75 ea. \$ 75
- Rugby balls x 05 @ \$ 20 ea. \$ 100
